

Hood's Sarsaparilla

Eradicates scrofula and all other humors, cures all their effects, makes the blood rich and abundant, strengthens all the vital organs.

It effects its great cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of 20 different ingredients.

Get it today in usual liquid form or chocolate tablets called Sarsatabs.

DON'T LIKE IMMIGRATION REGULATIONS

German Alliance Dissatisfied With the Policy of President Taft

Washington, Oct. 9.—Dissatisfaction with existing conditions in the immigration service and a desire for more desirable enforcement of immigration laws and regulations precipitated a long and vigorous debate in the National German-American alliance. A motion to have Secretary Nagel of the department of commerce and labor address the convention on the alien laws received so much opposition in the assembly that it was finally withdrawn. Prolonged cheering greeted the remarks of Judge Henry Weissman, of Brooklyn, who said that unless immigration Commissioner Williams, of New York, was removed, Germans in this country would feel called upon to withdraw their votes from President Taft at the next election. The fight over the immigration subject is not ended.

The German-American alliance is strongly opposed to a physical or educational test such as has been proposed in bills before congress and are active in support of the Saker bill for an examination of the immigration services. It also urges that the immigrant be given the right to appeal from the inspecting physician's decision and be given a probationary period of three years to prove that he will not become a public charge.

Malaria Causes Loss of Appetite. The Old Standard GROVES TASTE-LESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children. 50c.

ON TRAIL OF TRAIN BANDITS

Pawhuska, Okla., Oct. 9.—Special officers are hot on the trail of the two bandits yet at large who held up and robbed a city train near Okla. last Wednesday morning and it is believed that their arrest is but a question of time. With the complete identification of the body of Elmer J. McCurdy, the Katy detectives and officers believe they have rid the country of the leader of the gang which has been committing so many depredations in northeastern Oklahoma and southeastern Kansas during the past few months.

The killing of McCurdy has entire exploded the theory that local parties conducted the affair, although it is supposed that certain residents in that section of the country had knowledge of the affair. Sears, the man arrested at whose house was found some of the dead man's plunder, is being held for investigation. Higgins has been turned loose and Amos Hayes, the third man under suspicion came to Pawhuska Saturday night and surrendered to the sheriff, but he was not arrested.

Keep the Kidneys Well

Health is Worth Saving, and Some Guthrie People Know How To Save It

Many Guthrie people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has cured thousands of kidney sufferers. Here is a Guthrie citizen's recommendation.

S. R. Hunter, 1216 W. Mansur Ave., Guthrie, Okla., says: "The public statement I gave in 1908 in praise of Doan's Kidney Pills still holds good. During the past two years, I have enjoyed good health. At one time my kidneys were in bad shape, causing me back to become lame. I had pains through my kidneys, especially when I was on my feet for any length of time and at night I could not get my proper rest. The passages of the kidney secretions were attended with pain and I knew that I must do something for relief. Doan's Kidney Pills were so highly recommended that I finally got a box from Cramer's drug store and it did not take them long to correct my trouble. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other."

WILL TAKE THE DUST OF 9 STATES

Glidden Tour of 1911 Will Follow Trail of Storm Center of Civil War

(By Associated Press.)

New York, Oct. 9.—Seventy-eight cars of many makes and patterns, assembled from almost every state along the Atlantic seaboard and as far west as Indiana, will point their noses south next Saturday, and stream out of New York City in a winding file for Jacksonville, Fla., 1,454 mile away, in the Glidden tour of 1911. October 26, twelve days later, is the day set for the start. During the trip the motors will take the dust of nine states, top the Blue Ridge and follow close to the trail of the storm center during the days of the Civil war.

The national highway, whose path they will keep to the land of flowers winds through New Jersey, cuts an arc in Southeastern Pennsylvania to Gettysburg, and runs in a broad line through Maryland to the Shenandoah valley of Virginia. Through the broad, rich valley it leads past sand stone and marble monuments telling of the days of Stonewall Jackson and Sheridan. In the rolling country, the trail skirts the scenes of scores of battles, to the broad acres of North Carolina tobacco plantations, South Carolina, and the cotton fields of Georgia. The tourists will cross the empire state of the south from north to south, changing through Atlanta on their way. Forty miles, or thereabouts, across the Florida line, the journey will end at Jacksonville. Probably no long stretch of road in America, say the officials, can offer greater diversity of scenery and climate and better roadway in its entirety.

P. J. Walker of San Francisco, president of the California State Automobile association, who has been selected referee, S. M. Butler, chairman of the contest board of the American Automobile association, and other officials in charge of the tour will give entrants their final word of instruction on the night before the start. Mr. Walker, an ardent advocate for good roads, will be accompanied on the tour by Mrs. Walker, A. H. Whiting of this city in a 1912 Cunningham will be the pacemaker. In addition to the massive trophy for which the contestants will strive the chamber of commerce and citizens of Anderson, S. C., have donated a handsome silver punch bowl to be awarded to the individual owner whose car ends the tour with the least number of penalties. The Glidden trophy goes to the team of three cars finishing with the best team score, but any owner of an automobile has an opportunity to enter his car in the contest for the Anderson cup.

REASONS FOR TWO-MILL TAX LEVY

Governor Lee Cruise has issued a statement giving the reasons for fixing the state tax levy at two mills and for its failure to make the levy sufficiently large to take care of the deficit which he estimates will now amount to \$2,690,301.46.

The governor quotes figures from the report of the state examiner and auditor, already made public, and then continues: "The board took the position that in view of the short crops that prevail over Oklahoma, a total of a two mill levy upon the present valuation of property in the state was as much as ought to be levied at this time. It also ascertained by calculations that it would require all of this levy to take care of the expenses of the state government for the current year after setting aside one-fourth of one mill for common school purposes."

"The appropriations made by the last legislature for the current expenses for the year ending June 30, 1912, reaches a total amount of \$2,767,836. "Not being able to levy a greater amount than was necessary to meet the expenses for the current year without oppressing the people, the board unanimously voted to fix the levy upon that basis, believing that it was best to provide for the payment of current expenses, so as to keep the state warrants that are being issued at par, and leaving the question of deficiency to be adjusted by future levies if the people or the legislature did not choose some other method of disposing of it. "The board also unanimously voted that some steps be taken under the provisions of our constitution providing for refunding the outstanding debt at a low rate of interest, and permit its payment to run for a series of years so as to lighten the burden of taxation at this time."

NO DYSPEPSIA OR STOMACH DISTRESS

Heartburn, Gas, Sourness and Stomach Misery Vanishes

There would not be a case of indigestion here if readers who are subject to Stomach trouble knew the true virtue contained in Diapiesin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sourest acid stomach in five minutes, besides overcoming all food, Nauseous odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Diapiesin, then you will readily understand why this promptly cures indigestion and removes such symptoms as Heartburn, a feeling like a lump of lead in the stomach, Belching of Gas and Eructations of undigested food, water brash, Nausea, Headache, Bloatingness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your Stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one 50-cent case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapiesin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

PLAN AGRICULTURAL TRAIN

Under authority of the state board of agriculture, President Connell, of Oklahoma A. & M. college, has just completed the general plans and agreed with the Frisco railroad officials for the operation of another agricultural train on the west side of the state. Leaving Stillwater about November 1, the train is to be run during November.

The train will consist of exhibits bearing upon poultry, hogs, dairymen and domestic science. A car of pure bred live stock and poultry, a flat car for exhibiting purposes, a car to be used for lecture purposes and to carry scientific exhibits and another for the accommodation of lecturers, ten in number, will tour the west side of Oklahoma and visit communities in which the farmers are taking an active interest in the subject of poultry and live stock. The train will stop a half day at each place visited.

COAL-IRON MERGER IN FORMATION

Foreign Capital Comes Into a More Than a Fifth Larger \$30,000,000 Consideration

Special to the Daily Leader.

Baltimore, Md., Oct. 9.—The Manufacturers Record says that a \$30,000,000 consolidation of iron, steel and coal interests in Alabama, "of a great magnitude and far reaching importance," bringing into the development of that district great financial forces not heretofore identified with through plans which have been worked out for the final completion of the merger of the Alabama Consolidated Coal and Iron company and the Southern Iron and Steel company.

"The committee which now has the consolidation in hand, and which has just completed many of the details, represents some of the strongest institutions in New York, many of which have never before been identified in any way with the development of the iron and steel interests of the south, and also leading financial interests of England and Canada."

If you have young children you are perhaps not that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by all dealers.

The 1911 laws pertaining to Roads, Highways, Ditches and Drains, Pamphlet form. Price 25c each. Special prices on quantities. Address Book Department, Leader Printing Company, Guthrie.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Wilcox, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that exceeds it." For sale by all dealers.

Prof. Milton Rutledge, a member of the faculty of the Indian school at Beggs, was taken with cramp and drowned while swimming in a lake near that town.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Lollar, of Saratoga, Ind., and consider it the best on the market." For sale by all dealers.

OKLAHOMA TEACHERS ON THE INCREASE

Number at Work Now Than Heretofore

Special to Daily leader.

Oklahoma City, Okla., 9.—During the scholastic year of 1910-11 officials of Oklahoma public schools paid in salaries to male teachers \$1,518,744 and to female teachers \$2,921,374, a total of \$4,440,118, which was an increase of 20.71 per cent over the previous year, according to a statement issued by State Labor Commissioner Daugherty. The increase was not confined to any particular locality, but was general throughout the state. Hughes county gave the heaviest increase, McIntosh being second and Tillman county third. Nine counties of the state had a payroll in excess of \$300,000. In 1909-10 there were employed in the public schools of Oklahoma a total of 8,628 teachers, the total this year being 10,018, of which number 5,902 are males and 4,116 females. Oklahoma county leads with the largest number employed, being 503, an increase of 14.

In showing that the average wages for school teachers in Oklahoma is \$50 per month, the department says, indicates that the teacher has an earning capacity of \$720 annually, while in reality the annual compensation depends upon the number of months employed, and on this basis the annual earnings range from \$200 to \$1,200 and over. It should be borne in mind, also, that 70 per cent of the total number of teachers are employed in rural districts. In such cases there are only 15.10 per cent employed for nine months and 28.81 per cent for eight months a total of \$3.91 per cent as against 57.97 per cent in the city schools for a period of nine months, and 2.93 per cent for eight months.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enos Lollar, of Saratoga, Ind., and consider it the best on the market." For sale by all dealers.
